Chapman v. United States of America
Criminal Case No. 1:03-cr-296-A

**IN THE UNITED STATES DISTRICT COURT
FOR THE DISTRICT OF COLORADO**

Civil Action No. 15-cv-00279-WYD-KLM

SEIFULLAH CHAPMAN,

Plaintiff,

v.

FEDERAL BUREAU OF PRISONS, et al.

Defendants.

DECLARATION OF SEIFULLAH CHAPMAN

I, Seifullah Chapman, pursuant to 28 U.S. C. §1746, declare under penalty of perjury as follows:

1. I am over the age of 18 and make this declaration based on personal knowledge.
2. I am currently incarcerated in the United States Penitentiary – Terre Haute (“USP-Terre Haute”) in Terre Haute, Indiana.
3. I have been incarcerated by the Federal Bureau of Prisons (“BOP”) since 2004 and have been an inmate at USP-Terre Haute since November 2015.
4. During my entire time in the BOP, I have received only two disciplinary incidents. Both were in February 2009. The first incident was because of my participation in a group prayer, and the second one was about me sending emails to my wife and attorney to let

them know about my punishment for the group prayer. Since then, for the last nine years, I have had zero disciplinary issues.

5. While at USP-Terre Haute, I have been with the general population and have been able to participate in prison moves, like every other prisoner.
6. I recently received word from my case manager that my max custody status has been removed and that my management variable points are low enough that I would qualify to be moved into a camp. I was also taken off two-hour watch about nine months ago. To me, this means the BOP does not consider me to be enough of a security concern to warrant restrictive measures or other individualized monitoring, beyond just being in prison itself.
7. In October 2017, I completed the BOP's Life Connections Program ("LCP"). The LCP is the BOP's premier program. I have attached a copy of the brochure for the LCP as **Attachment A**. Through the LCP, I received values and social responsibility training, and worked on learning to further understand myself and my connections with the people in my community.
8. After eighteen months of the program, and because of my excellent performance, I was even chosen to give the graduation speech for LCP. I was deeply honored to be chosen for this opportunity, and I took the responsibility seriously. I have attached a copy of the speech I wrote and delivered to this declaration as **Attachment B**. The BOP chaplain who conducted the program even referred to me as the most exemplary participant in the program on my feedback sheet. I have attached the feedback sheet as well as **Attachment C**.

9. I have also received dozens of certificates for completing educational courses. These certificates were for classes such as Algebra, Parenting I & II, Philosophy of the Mind, and the Rights of Man. I have attached a copy of my certificates to this declaration as **Attachment D**.

10. I'm currently participating in the "After Care" addiction prevention program with the BOP's Mr. Blackstone, and am on the list to serve as a mentor for the new class of prisoners taking LCP.

Executed on January 30, 2018 in _____.

Cohort 20
Graduation Speech

Graduation Speech

Congratulations Cohort 20.

Eighteen months ago we all entered the Life Connections Program (LCP) unit for the first time. As soon as a person enters this unit, they quickly find that it is unlike any other place they have been in the Bureau of Prisons. Two things which are immediately apparent are the "Word of the Days" and the "rules".

Before Cohort 20 started their first run on the Word of the Day, we listened to at least 80 of them. About half way or so, they become stale. They all started sounding the same, like the same person was writing all of them.

Something happened when Cohort 20 began their first run of the Word of the Days! Do you remember that first day? I do. Mr. Miranda was our first participant. He walked up to the podium on September 6, 2016, perspiration running down his forehead. He told us that he was nervous. Then, . . . he began his presentation. With only a few cracks in his voice, he introduced himself to us. He related to us his story and opened himself up to all of us. He was genuine.

This changed the Word of the Days. Mr. Miranda raised the bar. I had already written my first Word of the Day, but I had to go back and redo it because Mr. Miranda's presentation demanded that I produce a better product. I believe that others from Cohort 20 also went back and made improvements.

After Mr. Miranda's presentation, the Word of the Days got better and continued to improve. For example, there was Mr.

Cohort 20
Graduation Speech

Sherifi, a non-native English speaker who gave a 12 minute presentation, rhyming from start to finish. This raising of the bar even spilled over into Cohort 21. The standard has been re-set, and it was you, Mr. Miranda, who did that.

Isn't that the reason men come to the LCP, to raise their standards? I hope all of you are proud of what you have accomplished.

Then there was also the rules. "Tuck in your shirt" and "Keep quiet." In the LCP Unit there are multi-colored "Quiet Unit" signs every 10 feet. We understand there are going to be rules in prison, but what is with all of these extra rules?

When I was a kid, I hated rules. I thought that I know everything, so why would I need rules. When I married and started having children of my own – I had to give them rules. I've never asked my children to do, or not to do, something just to bother them or make their lives difficult. I gave them rules because I believed that those rules would make them better people.

Unless you are going to be a pro surfer when you leave prison, you will almost certainly work a job where you must dress appropriately. That would include tucking our shirts in. There are not many jobs where you will find people calling each other across the work place. In most work environments, you will find that keeping quiet is the norm. **Sometimes we think a thing is bad for us when in fact it is good for us.** Even if we didn't fully understand the reason for these rules in the LCP, all of the rules will benefit the man who goes home and plans to stay there.

Seifullah Chapman
46868-083
Cohort 20
Graduation Speech

Every one of us 28 men will leave here today with something. Some will leave with more than others. For those of you who came to the LCP because you saw something in yourself that you wanted changed, and had the courage to take steps to make those changes, and then actually changed – you men have achieved a great success. You men who have vowed to go home and never again allow your mothers to sit alone on Thanksgiving waiting for their sons to call home from prison, for you – you will have achieved the greatest prize. You will leave here changed men; men who are ready to live a positive and productive life.

Other men came to the LCP in order to get to an FCI, you will leave here today with that transfer being a real possibility. Those who came for other than those reasons, you too will leave here with something – a piece of paper and two photographs.

But, . . . because you have been given the same tools as the first group, all you need to do is change your intention, and you too can have the same success as the first group.

In Mr. Blackstone's class, we spoke at length about why people come back to prison. Every man who spoke in class who has been to prison more than once always had a perfect intention when exiting prison. Every man wanted to do whatever he had to do to keep out of prison. Then, . . . the barriers and difficult times hit them. After trying unsuccessfully to navigate those barriers, those men reverted to negative behavior and then ended up back here.

This time when you leave prison – in addition to your perfect intention – we all now have the tools to help us overcome those

Seifullah Chapman
46868-083
Cohort 20
Graduation Speech

barriers. If you rely on those tools, you will be successful, and you will not return to prison. God-willing.

So, what is the LCP really? The truth is that the 28 men sitting here in cap and gown are the result of 18 months of hard work, sweat, and probably a few tears, of our Spiritual Guides. Without you, [Spiritual Guides], there is no LCP. If we filled this room, doubled or even tripled the number of participants, without you men and Sister Dorothy, there could be no LCP.^{*} Yet, leave a single participant and as long as you are here, there will be a LCP.[Ⓢ] After thanking the Creator, or whatever each man believes in, we thank you for what you have done for us.

~~I didn't have a mentor.~~ You [Mentors] make the LCP better. Living in this bricks and mortar world, it is easy to forget about humanity. But every week, when we see you show up; and after hearing that so-and-so mentor had a tooth pulled, but he'll be here or so-and-so mentor is recovering from surgery, but he'll be here – every time you give up your free time to put your energy into the LCP men, you remind us of humanity. You meant a lot to me and none of you were my mentor. You meant so much more to the men whose lives you have touch through your mentoring. Without you mentors, the LCP would not be as good as it is.

So, we are grateful to the One we believe in, to our mentors, and our Spiritual Guides. Speaking among ourselves, we have tried to figure out a way to show our appreciation. We cannot give our Spiritual Guides anything material, as the rules of our current situation prevent that. The proof of our sincere thankfulness, then, will only be seen if we use what you have

Seifullah Chapman

equipped us with. We have been "Preparing for the Journey" for the past 18 months. Now, we must use what you have given us and begin that journey.

Prison is whatever you make of it. Too many men in prison want to do drugs. They make prison a dope house. Many others want to gamble and make prison a casino. You men of the LCP have chosen to make prison a university and a place of prayer.

Equipped with the tools you now have, you can be successful in prison and at home in your communities.

Congratulations Cohort 20!
